

## CISCO CERTIFIED NETWORK ASSOCIATE WIRELESS (CCNA WIRELESS) FREQUENTLY ASKED QUESTIONS

Cisco Wireless technology growth places increased demands on networks and the professionals that support them. Ensuring this technology is optimally configured, monitored, and supported is paramount to achieving business outcomes and requires a workforce of skilled wireless professionals. Earn the CCNA Wireless certification and amplify your basic Cisco Wireless LAN's configuration, monitoring, troubleshooting and support skills for optimal performance of Cisco Wireless networks.

**Q: What updates have been made to the CCNA Wireless certification curriculum?**

**A:** The Implementing Cisco Wireless Network Fundamentals (WIFUND) exam and recommended training have been updated to emphasize Cisco Enterprise Wireless networks standards, RF principles, 802.11ac access points and controllers plus an increased focus on cloud managed and Unified Access wireless architectures.

**Q: Are there prerequisites for the CCNA Wireless certification?**

**A:** Yes. A valid CCENT or a valid CCNA Routing and Switching or any CCIE certification can act as a prerequisite.

**Q: What are the requirements to achieve a CCNA Wireless certification?**

**A:** To achieve a CCNA Wireless certification, meet pre-requisites listed above and must take and pass the Implementing Cisco Wireless Network Fundamentals (WIFUND) exam. The 200-355 WIFUND exam is a 90-minute assessment with 60-70 questions. This exam tests a candidate's knowledge of identifying customer and application requirements, applying predictive wireless design principles and conducting site surveys needed to design and optimize Enterprise wireless networks.

**Q: What are the recommended training course(s) to help prepare for the CCNA Wireless certification?**

**A:** To help candidate's prepare for the WIFUND exam, the recommended training course is titled: Implementing Cisco Wireless Network Fundamentals (WIFUND) course.

**Q: When will the updated exam and training course be available?**

**A:** The WIFUND exam and recommended training will be available beginning September 15th, 2015.

**Q: I am currently preparing for the 640-722 IUWNE exam, how long will this exam be available?**

**A:** The last day to take this exam at Pearson Vue testing centers is December 15th, 2015.

**Q: My CCNA Wireless certification is up for recertification between September and December 15, 2015 what are my recertification options?**

**A:** To recertify before your certification expires you have several options:

- Take and pass the 640-722 IUWNE exam
- Take and pass the 200-355 WIFUND exam
- Take and pass any current 642-XXX Professional-level or any 300-XXX Professional-level exam, or
- pass any current 642-XXX Cisco Specialist exam (excluding Sales Specialist exams or MeetingPlace Specialist exams, Implementing Cisco TelePresence Installations (ITI) exams, Cisco Leading Virtual Classroom Instruction exams, or any 650 online exams), or
- Take and pass any current CCIE Written Exam, or
- Take and pass the current CCDE Written Exam OR current CCDE Practical Exam, or
- Take and pass the Cisco Certified Architect (CCAr) interview AND the CCAr board review to extend lower certifications.
