BRAD HAYNES

AI, CYBERSECURITY, CLOUD, & DATA SME

@ bhaynes@sunsetlearning.com

📍 Ontario, Canada

PROFILE

Brad Haynes brings over two decades of experience in the IT industry, with a specialized focus over the past 12 years on technical education and workforce development. He holds professional certifications in networking and cybersecurity from Cisco, ISC2, and CompTIA, and has a strong foundation in designing and implementing secure, scalable technology solutions.

In his current role at Sunset Learning Institute, Brad supports a diverse range of learners—from emerging professionals to seasoned experts—helping organizations build ethical, secure, and compliant technology practices. His work increasingly intersects with AI governance, privacy, and risk management, making him a valuable resource for professionals navigating the ethical challenges of emerging technologies.
