

## Pan: Managing Firewalls at Scale (EDU-220)

\*Powered by Cloud Harmonics

### COURSE OVERVIEW

This course should help students to gain in-depth knowledge about how to configure and manage their Palo Alto Networks Panorama management server. Administrators that complete this course should become familiar with the Panorama management server's role in managing and securing their overall network. Network professionals will be shown how to use Panorama aggregated reporting to provide them with a holistic view of a network of Palo Alto Networks next-generation firewalls. Learn how to configure and manage the next-generation Panorama™ management server.

### WHO WILL BENEFIT FROM THIS COURSE?

- Security Administrators
- Security Operations Specialists
- Security Analysts
- Security Engineers
- Security Architects

### PREREQUISITES

Students must complete the Firewall 10.0 Essentials: Configuration and Management (EDU-210) class and be familiar with Palo Alto Networks next-generation firewall management and basic networking concepts, including routing and IP addressing.

### COURSE OBJECTIVES

The Palo Alto Networks Panorama 10.1: Managing Firewalls at Scale (EDU-220) course is two days of instructor-led training that should help you:

- Learn how to configure and manage the next-generation Panorama management server
- Gain experience configuring templates (including template variables) and device groups
- Gain experience with administration, log collection, and logging and reporting
- Become familiar with planning and design considerations for Panorama deployment

### COURSE OUTLINE

This class is comprised of the following modules focusing on gaining in-depth knowledge about how to configure and manage Palo Alto Networks® Panorama™ management server.

- Module 1 - Initial Configuration
- Module 2 - Adding Firewalls
- Module 3 - Templates
- Module 4 - Device Groups
- Module 5 - Log Collection and Forwarding
- Module 6 - Using Panorama Logs
- Module 7 - Panorama Administrative Accounts
- Module 8 - Reporting
- Module 9 - Troubleshooting

## **WHY TRAIN WITH SUNSET LEARNING INSTITUTE?**

Sunset Learning Institute (SLI) has been an innovative leader in developing and delivering authorized technical training since 1996. Our goal is to help our customers optimize their technology Investments by providing convenient, high quality technical training that our customers can rely on. We empower students to master their desired technologies for their unique environments.

What sets SLI apart is not only our immense selection of trainings options, but our convenient and consistent delivery system. No matter how complex your environment is or where you are located, SLI is sure to have a training solution that you can count on!

### **Enhanced Learning Experience**

- The goal of our instructors during class is ensure students understand the material, guide them through our labs and encourage questions and interactive discussions.

### **Convenient and Reliable Training Experience**

- You have the option to attend classes live with the instructor, at any of our established training facilities, or from the convenience of your home or office
- All Sunset Learning Institute classes are guaranteed to run – you can count on us to deliver the training you need when you need it!

### **Outstanding Customer Service**

- You will work with a dedicated account manager to suggest the optimal learning path for you and/or your team
- An enthusiastic student services team is available to answer any questions and ensure a quality training experience
